

Craftsman 3-Panel Solid
6-8 Door (no shelf)
shown with Sycamore
Finish

The new *American Craftsman* style door and sidelite will be available by April 1, 2011 from GlassCraft Door Company. All doors shown on these pages measure 6'8" in height and are 36" wide. Sidelights shown are available in 12", 14" and 16" widths. Featuring the unique "high definition" Fir wood grain, these doors offer many advantages:

- Strong, integral dentil shelf option (not attached by tape)
- Glass inserts available separately (doors are not "flushed-glazed")
- Glass is replaceable if damaged
- "GBG" internal grille options available
- Solid 3-panel door option available in addition to doors with glass
- 3 sidelite width options available
- Amazing grain definition on door and dentil shelf
- Super strong LSL stile construction in both stiles - no lock blocks needed
- All doors are available unfinished or factory pre-finished in either our traditional finish or our exclusive Country Distressed finish

Craftsman Prairie 6-8
Door (Satin Nickel)
available with or without
dentil shelf

Craftsman Prairie
6-8 Sidelite
