

## **Texas approved**

MasterGrain Premium Fiberglass entryways have been evaluated for compliance and are approved for installation designated catastrophe areas along the Texas Gulf Coast when installed as required as specified in the International Residential Code (IRC) and the International Building Code (IBC). Both 6-8 tall and 8-0 tall entryways have been certified in a variety of entryway configurations, including single doors, double doors, single doors with 1 or 2 sidelights, and double doors with 2 sidelights. Both solid doors and doors with glass have been approved, and inswing and outswing entryways in all configurations. This listing with the Texas Department of Insurance is effective as of September 1, 2010. Excellent wind ratings of up to 55/60 have been achieved using pine jambs, Imperial brand astragals, and industry standard hinges. Both standard and ADA threshold are approved for use.

This is a Non-Impact certification. Impact testing is in process. Complete information is available at [www.glasscraft.com](http://www.glasscraft.com)

## **Florida approved**

MasterGrain Premium Fiberglass entryways have been evaluated for compliance by a Licensed Florida Professional Engineer and are approved for coastal installations as "swinging exterior door assemblies". This is a non-impact approval, and the entryway must be installed as specified in the Installation Instructions that are listed at the [www.floridabuilding.org](http://www.floridabuilding.org) web site for MasterGrain products. Both 6-8 tall and 8-0 tall entryways have been certified in a variety of entryway configurations, including single doors, double doors, single doors with 1 or 2 sidelights, and double doors with 2 sidelights. Both solid doors and doors with glass have been approved, and inswing and outswing entryways in all configurations. This listing with the Florida Department of Community Affairs - Florida Building Commission is effective as of April 7, 2010. Excellent DP of up to 50 have been achieved using pine jambs, Imperial brand astragals, and industry standard hinges. Both standard and ADA threshold are approved for use.

This is a Non-Impact certification. Impact testing is in process. Complete information is available at [www.glasscraft.com](http://www.glasscraft.com)
